## July 2019

In July, the U.S. economic expansion that began in June 2009 became the longest in the nation's history, marking 121 straight months of gross domestic product growth and surpassing the 120-month expansion from 1991 to 2001. The average rate of growth during this expansion has been a milder 2.3 percent per year compared to 3.6 percent during the 1990s. Although the economy should continue to perform well for the rest of 2019, most economists see a mild recession on the horizon.

New Listings remained flat at 135 in Wayne County and increased 4.5 percent to 23 in Holmes County. Pending Sales increased 60.2 percent to 133 in Wayne County and increased 118.2 percent to 24 in Holmes County. Inventory shrank 36.0 percent to 194 units in Wayne County and shrank 31.5 percent to 37 units in Holmes County.

Median Sales Price was down 6.4 percent to \$150,000 in Wayne County and up 22.5 percent to \$192,000 in Holmes County. Days on Market increased 11.8 percent to 57 days in Wayne County and increased 19.6 percent to 67 days in Holmes County. Months Supply of Homes for Sale was down 43.2 percent to 2.1 months in Wayne County and was down 45.8 percent to 2.6 months in Holmes County.

During the record-setting 121-month economic expansion, the unemployment rate has dropped from 10.0 percent in 2009 to 3.7 percent, yet many consumers continue to struggle financially. Low mortgage interest rates have helped offset low housing affordability, but high home prices are outpacing median household income growth. In a move to stoke continued economic prosperity, the Federal Reserve reduced the benchmark interest rate by a quarter point to about 2.25 percent, marking the first reduction in more than a decade.
